ABOUT 3 HOURS
1 HOUR FLIGHT

WHERE

URBISAGLIA

Description

A hot air balloon ride means to live a unique and unforgettable experience! You will discover how lightness, harmony, a sense of freedom, and peace can be protagonists with you in a real adventure, always in extreme safety. The hot air balloon ride is a fascinating means of transport. It makes us admire our magnificent territories from a different perspective than usual and experience nature where silence will frame the breathtaking landscapes. You will take amazing pictures with your eyes and beyond. Realize your dream! Live this experience!

The experience consists of:

meeting at the take-off point, pilot briefing with passengers, and setting up the balloon and flight. Once landed, we will be happy to offer you breakfast or an aperitif to toast and celebrate together.

– Flight duration: approximately 1 hour

– The total duration of the excursion: about 3 hours

In the end, the pilot will sign the “Baptism of the Air” certificate, and we will take a group photo as a souvenir of the day.

Please note: Balloon flight must always consider the weather conditions; our expert pilots will care to make all the assessments. Take-off of the balloons takes place in the morning shortly after sunrise or in the evening about 2 hours before sunset.

Further information:

We recommend casual / sports clothing, suitable for the season (we fly all year round) with boots, sneakers, or in any case, comfortable shoes. It is possible to bring cameras or video cameras on board.

The recommended minimum age is 8 years and at least 120 centimeters in height for children.

At least one adult must accompany minors for the whole experience.

The balloon flight is not recommended for children under the age of 8, women in a state of PREGNANCY, and those who have recently undergone significant operations or injuries.

Individual price starting from € 220
Exclusive tour for 2 to 4 people, starting from
€ 1200
